Greetings friends, thank you for RSVPing to attend tonite's party at The Center. It should be a lovely evening!

A generous friend has agreed to host your parking, so if you are driving to the event this evening, you can enter the parking off of Selma and indicate you are there for the party. Look for yellow balloons. You will be guided by one of our board member volunteers to take a brief tour of the Center building (good time to capture your "before" photos!) before you are directed to the party in the Rectory courtyard.

See you this evening!

Best regards,
Kerry Morrison
